

GFMD Communications Survey

Thank you for taking the time to complete the GFMD communications survey.

The purpose of the survey is to identify what your communication needs are, as GFMD members and stakeholders. We are particularly interested in finding out how accessible GFMD information tools are for you, how frequently you use them and whether they meet your needs. Your answers will help determine how we can more effectively share information on GFMD's processes and outcomes, and whether we should consider putting in place a formal GFMD communications strategy for the future.

The survey consists of 21 questions and should take no longer than 20 minutes to complete. Answers can be saved, and you can return to your answers at any time prior to finishing the survey, provided you are using the same device. We would be grateful for your honest responses, and any additional comments you would like to provide.

[Terms of Reference, ad hoc GFMD Communications Survey](#)

1. Please select the country you are representing.

2. If you are not representing a specific country, please indicate the international organisation you are representing.

3. Please indicate the department, office or ministry you work for.

4. Please identify your main work function.

- Policy-making
- Operational
