

AGENDA

Global Forum on Migration and Development (GFMD) workshop Migration for Development: a roadmap to achieving the SDGs

Wednesday 18 and Thursday 19 April, 2018

Structure

This event will be held over two days, and will be a mixture of plenary sessions and thematic workshops.

The **thematic workshops** will focus on six key areas of development, of central importance to both member states and the achievement of the 2030 Agenda for Sustainable Development. They are intended to be specific enough to enable focused discussion of the challenges, opportunities, and potential routes for implementation and change, while being broad enough to encompass a range of issues member states are facing regarding the relationship between migration and development. Each workshop will have a number of experts present who will help frame and guide the discussion.

Day 1 / Wednesday 18 April
